## About Me

I am an Engineering Fresher who wants to work in a firm where I can grow myself and develop me at my best. My aim is to work in a firm with a professional work driven environment where I can utilize and apply my knowledge, skills which would enable me as a fresher to grow while fulfilling the organizational goals.

## Projects

### TinDog - A Dating Website for Dogs

Tools used: HTML 5, CSS 3, Bootstrap

- A front-end project that gives hands-on UI experience to dog owners. They can find the single ones available and find the perfect match.
- A website designed for dogs where they can find their true love

### QR Code Generator

Tools used: NodeJS

- A back-end application basically designed which generates a qr image as we see in malls like paytm qr or phonepay qr etc. which helps us to navigate to the url which is provided within that qr.
- It is designed using the NodeJS framework used in javascript.

### Drumkit

Tools used: HTML 5, CSS 3, Javascript

- A front-end drumkit which plays various sounds designed just for fun or if anyone wants to have knowledge on it can play it .
- The proper key sounds makes it more attractive .

### Myntra Clone

Tools used: HTML 5, CSS 3, Javascript

- The front-end of the actual Myntra webpage designed which is responsive in nature using the tools hosted on replit playground .
- The webpage will work on every small to big device based on the responsivity .

## Languages Known

- English - Fluent
- Hindi - Native
- Bengali - Fluent

## Achievements

- 2 times full-time TA Intern(approx. 7 months) at Coding Ninjas where I used to teach students about the java coding language and also debug their codes if their code is not working and also help them write code and also collaborated with the students to make projects related to Html, Css, Javascript and help them in their project works and designed several websites with them .
- Got the certificate of Excellence for great performer in java and data structures and algorithms.
- Top performer in whole ECE for two semesters : 1st semester and 8th semester . Obtained full sgpa during 8th semester .
- Published 7 interview based articles on GeeksforGeeks
